FOR IMMEDIATE RELEASE

LawBase to Exhibit at LegalTech New York 2015

Leading case and matter management software to be shown at leading legal industry event – booth #309

Denver – January 27, 2015 – LawBase, the leading case and matter management system designed to increase productivity, will be available for viewing at booth #309 at LegalTech New York, Feb. 3-5 at The Hilton Hotel New York.

Company representatives will be available to demo LawBase to attendees of the event.

“LegalTech New York is a great event and we enjoy being part of it every year,” stated Phil Homburger, president of LawBase. “It is an exceptional event for education, networking and discovering what legal technology products are available across the nation. We look forward to talking with attendees and showing them firsthand how they can increase productivity by implementing LawBase in their firms.”

LawBase is a powerful and configurable case management solution, known for incredible flexibility without sacrificing functionality. LawBase’s strengths include its wide array of integrations with other popular legal software that maximize the return on investment for users. LawBase allows law firms, corporate legal departments and government agencies to track a file’s progress, maintain client files within various areas of the law, keep complete calendars and schedules, maintain file room management and perform large repetitive tasks with just a few keystrokes, saving time and money.

For more information or to schedule a demo prior to LegalTech New York, contact sales@lawbase.com or call 800-569-3377.

About LawBase

LawBase (www.lawbase.com) is the leading case and matter management software package in the legal industry and is currently being used by thousands in law firms, Fortune 500 corporate legal departments and government agencies nationwide. LawBase was developed by Synaptec Software, a veteran company in the software field with more than 35 years of experience in developing the most adaptable, intuitive case and matter management product on the market today.
