**FOR IMMEDIATE RELEASE**

**LawBase to Exhibit at the M&L 2016 Summer Legal Forum**

*Jim Stewart to Speak on Latest Enhancements in LawBase*

**Denver – June 20, 2016** – LawBase, the leading case and matter management system designed to increase productivity, today announces the company will be exhibiting at the M&L 2016 Summer Legal Forum taking place June 23-25 in Toronto. In addition, Jim Stewart, account executive for the company, will be speaking at the event on the latest enhancements in LawBase.

The M&L Legal Forum consists of three days of roundtable discussions, guest speakers and group activities that bring the most successful personal injury lawyers in the country to one place and offers networking opportunities and one-on-one exchanges.

“M&L Legal Forum is a great event for personal injury lawyers to share information with their colleagues on what is working well for them in their firms,” states Phil Homburger, president of LawBase. “This is an event we enjoy attending, and we look forward to talking with the attendees and showing the people we haven’t met how LawBase can benefit their firms.”

LawBase is a powerful and configurable case management solution. Strengths of LawBase include its wide array of integrations with other popular legal software to maximize the return on investment for users. With LawBase, law firms, corporate legal departments and government agencies can track a file’s progress, maintain client files within various areas of the law, keep complete calendars and schedules, maintain file room management and perform large repetitive tasks with just a few keystrokes, saving time and money.

For more information on the M&L Summer Legal Forum, visit [www.mlmeeting.com](http://www.mlmeeting.com).

**About LawBase**

LawBase ([www.lawbase.com](http://www.lawbase.com)) is the leading case and matter management software package in the legal industry and currently being used by thousands in law firms, Fortune 500 corporate legal departments and government agencies nationwide. LawBase was developed by Synaptec Software, a veteran company in the software field with more than 36 years of experience in developing the most adaptable, intuitive case and matter management product on the market today.
